## From the Director's Desk

Hello and happy summer to all! As you think about your summer activities, whether you plan to stay local or travel a bit, I hope you will remember that your library is a great resource for you. We have museum passes to borrow free of charge and discount tickets to several popular destinations.

Our Summer Reading Club, *Oceans of Possibilities*, has begun and I hope you will consider joining us for the many programs we have planned, as well as participating in our reading challenges for all ages. Community-wide events we are offering include a much-needed blood drive in July and our popular shredding program at the Station Branch in August. (See details on page 2.)

As you are out and about over the summer, I hope you'll visit the other libraries in our town as part of the Huntington Libraries Passport Program. It's a great way to see what libraries have to offer! *Libraries – Read, Learn, Discover*, the exhibit at Town Hall, is also open to all. I hope you have a wonderful summer and can enjoy some fun activities, whatever they might be.

Warm regards,

Joanne Adam,

Library Director

Tuesday, August 16 • 2:00 pm – 4:00 pm

When nine people, including FBI agent Jessica Winslow, receive a cryptic list with their names on it, they dismiss it as a joke until bad things start happening, prompting Jessica to find the link that binds them all together to expose a murderous madman.

### Great Books Reading and Discussion Group with Tom (In-Person and Zoom)

Monday, July 25 • 7:00 pm • **Main Auditorium**

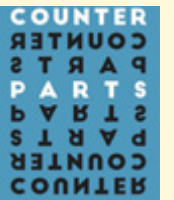

The library's Great Books Group, now in its eighteenth year, meets monthly to discuss works of both fiction and nonfiction, using the Shared Inquiry™ approach popularized by the Great Books Foundation. The readings are short, usually 25 pages or less in length, which makes them well-suited for our busy lifestyles. We are now using the anthology *Counterparts*, in which the readings complement each other by highlighting different aspects of a given theme. We are making *Counterparts* available for free upon registration, thanks to a generous donation from friends and family of a former group member. For more information, email Tom Cohn at [tom\\_cohn@huntlib.org](mailto:tom_cohn@huntlib.org) or call 631-427-5165 ext. 270. Check out our blog at <http://hplgreatbooks.blogspot.com>. **Registration is required to receive Zoom link.**

Please note there is no meeting in August.

#### "An Arundel Tomb" by Philip Larkin and "Love is Not a Pie," by Amy Bloom

Monday, July 25 • 7:00 pm

We explore the theme of Fidelity this month. Poet Philip Larkin's "Arundel Tomb" describes stone effigies of an English earl and countess holding hands atop their tomb. It is a meditation on the gap between how we want to believe historical personages lived and how they in fact did. It contains the famous line "What will survive of us is love," but what does this really mean in context of the rest of the poem? In Amy Bloom's short story "Love Is Not a Pie," the narrator looks back on the life of her mother. It also causes her to reminisce about long-ago summer vacations spent in a cabin in Maine with her mother's best friend's family, and the infidelities that took place there.

### Next Chapter Book Club (Zoom)

Mondays, July 18, 25; August 1, 8, & 15 • 1:30 - 2:30 pm

All are welcome, regardless of reading level, led by Librarian Maureen Comerford. The Club members have been enjoying Sarah Dessen's books. The current book is *Dreamland* and the next one will be *This Lullaby*. For more information, contact Maureen Comerford at 631-427-5165, ext. 237 or email [maureen\\_comerford@huntlib.org](mailto:maureen_comerford@huntlib.org). The Next Chapter Book Club's international website is <http://nextchapterbookclub.org> **Registration required. Open to all.**

### In-Flight Book Club in collaboration with

"The Cradle of Aviation Museum."

Saturdays, July 30 & August 27 • 10:00 am

At the Cradle of Aviation Museum & Zoom

In July and August, read and explore stories about the ocean of possibilities in air and space! In July, join a fateful mission to Mars and experience one man's struggle to survive in "The Martian." In August, learn about the opportunities seized by the young Frank W. Abagnale in "Catch Me If You Can." Check in with HPL for discussion videos and visit The Cradle of Aviation for a guided discussion session held at the end of each month.

Book discussions will take place both in-person at the Cradle of Aviation Museum and on Zoom. These discussions will be led by a Cradle of Aviation education staff member and are geared towards adults and young adults. Sign up for this special summer collaborative book club at HPL and pick up a book to borrow and a bookmark to keep from our Customer Services Desk.

Jaws: The Making of a Masterpiece (In-Person)

Thursday, July 28 • 7:00 pm  
Main Auditorium

Steven Spielberg's 1975 blockbuster *Jaws*, based on the novel by Peter Benchley, is considered one of the greatest films ever made. Its release was regarded as a watershed moment in motion picture history, becoming the first bona fide blockbuster and cinematic masterpiece. This lecture will include behind the scenes clips for a breakdown of the production process, and analysis of the film's cinematic qualities, through scenes of the film itself, to examine what has created the film an enduring legacy.

Fire Island: Salt Marshes (Zoom)

Tuesday, August 2  
7:00 pm

Join a Park Ranger and explore salt marsh vegetation with its extensive root systems that enable them to withstand brief storm surges and buffer storm impacts on upland areas. ## 3D Printing Design Center at the Main

## Frequently Asked Questions

### Where do I find objects to print?

If you want to use objects that have already been designed, you can go to [www.thingiverse.com](http://www.thingiverse.com) and search using keywords. Once you've found what you want, download the files and send them to us at [hpl3dp@gmail.com](mailto:hpl3dp@gmail.com).

### Can I design my own objects?

Yes! We encourage you to go to [www.tinkercad.com](http://www.tinkercad.com) and learn how to design your own parts. There are lessons right there on the website. You can set up a free account in just a few minutes. Once you've designed your part, you can export the file and email it to us.

### How much does it cost to print an item?

The only thing you pay for is the PLA filament you use. We charge **\$1.00** per hour of print time. A typical print can take 4 or 5 hours.

### How large can my print be?

Our printer can produce objects up to 11 x 11 x 15 inches. However, your print time must be less than 12 hours so that we can accomplish the print during normal library business hours. Therefore, certain objects will not fall into the range of acceptability.

### Is there anything we will not print?

We will not print objects that are prohibited by law (i.e. weapons).

### How can I learn more about this?

Feel free to call during normal library hours, or send an email with questions to [hpl3dp@gmail.com](mailto:hpl3dp@gmail.com).

# Main Art Gallery

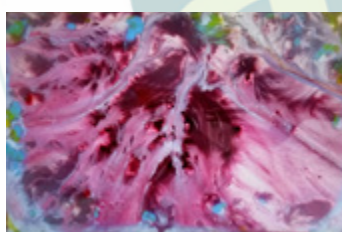

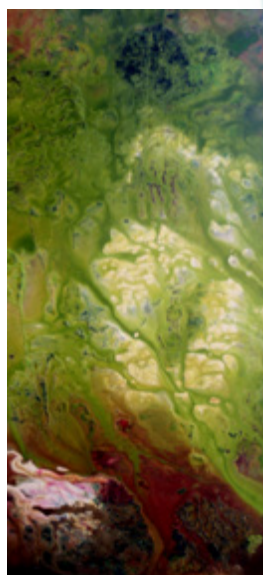

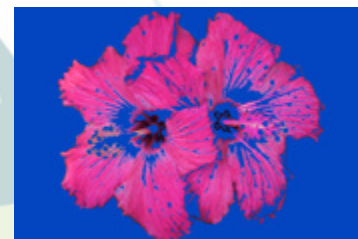

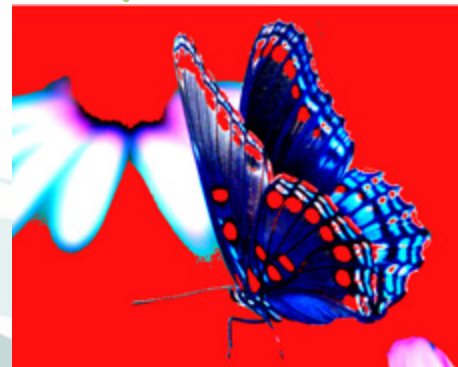

July 1 – 30, 2022

**Christopher Scott Bazer**

*In the Spirit of Love:*

*Photo-Art, Paintings, and Poems*

Christopher Scott Bazer thinks the world could use a little love right now, and this exhibit is an expression of this sentiment. Bazer works in a variety of mediums, but the thread that connects all the pieces in this exhibit is "beauty." The artist says, "I hope you'll find something beautiful here, maybe something you love. If so, take that love and pass it on."

August 4 – 30, 2022

**Barbara V. Jones**

*Waves of Light - in the abstract:  
Landscapes, Architectural  
Renderings, Figurative  
Expressions*

Reception: Saturday, August 6

2:00 – 4:30 pm

Jones is an accomplished abstract artist. The natural world serves as her main source of inspiration, in addition to capturing moods, emotions, textures, and movements, which she calls "creating from within." Her mediums include acrylics, pastels, and gold leaf, and she works on wood, metal, fabric, and plexiglass.

## Main Street Display Cases

July 1 – 30

**Before Westeros: The Thousand Worlds of George R. R. Martin presented by Greg Fasolino**

Long before he reached the heights of pop culture fame with "Game of Thrones," author George R.R. Martin had a prolific career during the Seventies and Eighties, publishing numerous award-winning short stories and novels in the interconnected genres of science fiction, horror, superhero, and dark fantasy. This exhibit by Greg Fasolino (a fan since 1975) will showcase Martin's early works through vintage magazines, paperbacks, and hardcovers.

August 1 – 30

**Around the World with Nancy Drew presented by Meredith Jaffe**

The Nancy Drew Mystery Series, introduced in 1930, became widely successful in the United States. In 1941, its popularity spread to Norway paving the way for foreign publications. To date, Nancy Drew has been translated into over 30 languages for generations of international readers. Dr. Meredith Jaffe is pleased to share highlights of Nancy Drew from around the world.
