From the Director's Desk

Dear Patrons,

Thank you to all who came out to vote in our annual Budget Vote and Trustee Election. Your support is very important to us and we are continually trying to find ways to make your library experience a positive and rewarding one. It felt good to hold the vote in the library

again and see many of you attend. Our budget passed and trustee Kimberly Hawkins was re-elected!

We are happy and proud to be participating in the newest exhibit at Town Hall, *Libraries – Read, Learn, Discover*. As the oldest library in the Town of Huntington, we have much to offer this exhibit and I hope you will take the time to go see it. Along with this exhibit, we are participating in a Passport Program over the summer to encourage you to visit the other libraries in the Town of Huntington and get your passport stamped. (Details on page 2)

Our Friends of the Library are seeking new members and volunteers. Several long-standing members are retiring and/or moving away and we need to fill their spots to ensure we keep the ongoing support they give to the library. Please consider joining this wonderful organization. (See Friends information on page 3)

If there is anything that we can do to help anyone, please don't hesitate to reach out to me at 631-427-5165, ext. 206 or email me at joanne_adam@huntlib.org.

Congratulations Thérèse Purcell Nielsen

After 20 years of service, Thérèse Purcell Nielsen, Head of Adult and Reference Services, has retired. Thérèse was a champion of new and innovative programs such as NaNoWriMo and the Socrates Café. She was instrumental in developing our downloadable collections, managing our online databases and our Museum Passes, and for bringing Wi-Fi hotspots to HPL. During her tenure, she chaired Long Island Reads, was a book reviewer for *Library Journal* and was also the supervisor for The Funding Information Network, formerly known as the Foundation Center. Mondays, May 23 & June 27 • 7:00 pm • Main Auditorium

The library's Great Books Group, now in its eighteenth year, meets monthly to discuss works of both fiction and nonfiction, using the Shared Inquiry™ approach popularized by the Great Books Foundation. The readings are short, almost always 25 pages or less in length, which makes them well-suited for our busy lifestyles. Starting in May we will be reading from the anthology *Counterparts*, in which universal themes such as love, aspiration, and equality are explored by means of paired readings. The readings complement each other by highlighting different aspects of the theme explored. Pick up a FREE copy of *Counterparts*, at the Customer Services desk. For more information, email Tom Cohn at tom_cohn@huntlib.org or call 631-427-5165 ext. 270. Donation to the library in honor of William "Bill" Sansom (1946-2019)

The late William "Bill" Sansom was an avid library user for many years. Friends and acquaintances admired his intellect, wit and assertive verbal style. He was a guitarist, poet, photographer, U.S. Marine and veteran of the War in Vietnam. Bill and his friend Francee Finch Wasowski were active participants in the library's Great Books Reading and Discussion program. Francee has made a generous donation to the library in Bill's memory, and in order to help spur the launch of a new cycle of readings with *Counterparts*, the library is making the book available to participants free of charge. HPL librarian Tom Cohn, who has served as a discussion leader for the group since its inception, says "Bill was a sponge for the information and entertainment the library offered. He believed in the power of conversation, which is what the library's discussion programs are all about." We sincerely thank the Finch, Wasowski, and Sansom families for this generous donation to the library.

FRIENDS NEWS

VOLUNTEER TEA PARTY!

Interested in joining the Friends' volunteer team at the library? An informational meeting—with coffee, tea, and cookies—will be held at the library **Friday, June 3 from 1:00 - 2:00 pm** in the Meeting Room to explain the many ways the Friends can support the library. We need help! Long time members are retiring from the organization or moving away, leaving several positions unfilled. The Friends' Board needs a President, a Vice President, and a Secretary. We need people to brainstorm new ideas for fundraising and to increase membership. We also need help sorting book donations from the community and restocking the shelves in the Friends' bookstore, as well as setting up and running book sales. Please join us! Without new people to pitch in, we will not be able to continue as a vital organization to support the many programs and events the library offers. Please RSVP to friends@huntlib.org or leave a note to the Friends at the Circulation desk.

Good luck to Nancy Perry & Kathy Morgan!

Nancy Perry graciously stepped in as the Friends of the Library president a few years back to lead the dedicated group of Friends members serving as volunteers and on the board. Under her guidance volunteers ran the book sales and room, started a puzzle swap, and supported library programs and events including the Summer and Winter Reading Clubs. Nancy will be stepping down as president this summer to pursue other activities.

Kathy Morgan, who has been the driving force behind the Friends of the Library book sales for nearly two decades, will be selling our books for the last time this May. Kathy could always be found quietly behind the scenes sorting through donations and discards to share with the community the worn-out favorites of many so others can share in their joy. Once sorted, Kathy led other volunteers in keeping the Friends Book Sale Room well stocked. When the donations became too much to store, Kathy organized the annual sales categorizing thousands of titles so bibliophiles from all over could find their next treasure. Kathy will be leaving the Friends group this summer to explore new communities. We sincerely thank Kathy Morgan and Nancy Perry for all their hard work, dedication, and support to the Huntington Public Library and wish them all the best in their future endeavors.

We will discover how to live authentically, being motivated by what we want, rather than what others want, or what we think we are supposed to do. Certified professional and master coach Barbara Fonti will present a fun exercise where participants will identify their core values, signature strengths and personal vision. At the end of the workshop, each participant will create their unique Purpose Statement.

Algorithms, News Bubbles & Social Media: Finding Real News in the Media Disinformation Age (Zoom)

The presentation concludes with a series of recommendations about how participants can regain control over the kinds of information that reaches them through social media, and how to evaluate whether news is real or fake. **Presented by the Huntington area libraries.**

Frequently Asked Questions

Where do I find objects to print?

If you want to use objects that have already been designed, you can go to www.thingiverse.com and search using keywords. Once you've found what you want, download the files and send them to us at hpl3dp@gmail.com.

Can I design my own objects?

Yes! We encourage you to go to www.tinkercad.com and learn how to design your own parts. There are lessons right there on the website. You can set up a free account in just a few minutes. Once you've designed your part, you can export the file and email it to us.

How much does it cost to print an item?

The only thing you pay for is the PLA filament you use. We charge **\$1.00** per hour of print time. A typical print can take 4 or 5 hours.

How large can my print be?

Our printer can produce objects up to 11 x 11 x 15 inches. However, your print time must be less than 12 hours so that we can accomplish the print during normal library business hours. Therefore, certain objects will not fall into the range of acceptability.

Is there anything we will not print?

We will not print objects that are prohibited by law (i.e. weapons).

How can I learn more about this?

Feel free to call during normal library hours, or send an email with questions to hpl3dp@gmail.com.

Ghosts in My Garden: Paintings and Prints by Karen Lind

Like her ancestors, Karen Lind is an artist and a gardener. This exhibit brings those two worlds together. Lind's process is unique: first she paints large pieces of paper with tempera paint, then she hand cuts flowers, petals, and other shapes to create a collage. Each collage is photographed and then digitally altered to create the final image. Her color palette includes hydrangea blues, daylily yellows, rosy reds, and a myriad of greens. Last winter, she began including images of her ancestors, adding complexity and depth by moving from still life to landscape to portraits.

To celebrate the 85th anniversary of the Whaling Museum & Education Center in Cold Spring Harbor, get a glimpse into collections storage with a selection of objects rarely on display at the Whaling Museum.

Garden Party - Ceramics by Kathy Larocca

Kathy Larocca finds inspiration in botanical forms, saturation of color, and the motions of the natural world. She is a member of Women Sharing Art Inc. and the Long Island Art Guild. Her work has been exhibited at Bayard Cutting Arboretum, Islip Art Museum, and various libraries and Fine Art shows.
