From the Director's Desk

Dear Patrons,

As we begin this new year, it is my sincere wish that your library will continue to be a part of your lives in all the ways that work for you. Every day continues to be a challenge for all of us, and I hope that you can find some comfort in knowing that we are here to help you whether it be in person, virtually, or through our online resources.

We are continuing to offer more in-person classes and programs, while keeping the safety of our patrons and staff in mind. We are also helping people who need a place to hold online appointments. Do you need to attend a virtual, individual meeting or interview and do not have access from home? Please call or stop in to either building and we can help you reserve a computer.

Some of the changes we have made in offering our programs and services to you have inspired us to consider all the possibilities for the future of our library. We are especially excited to be arranging for longevity at our Station Branch facility and are close to making that happen. Please watch for an exciting announcement soon!

I know this continues to be a difficult time for many people. If there is anything that we can do to help anyone, please don't hesitate to reach out to me at 631-427-5165, ext. 206 or email me at joanne_adam@huntlib.org.

Wishing you all a very happy and healthy new year!

Station Branch Manager, Mary Kelly, Retires!

Mary Kelly, Station Branch Manager, retired this fall after 29-years of dedicated service to the Library and Station Branch community. Originally hired as a Children's Librarian in 1992, Mrs. Kelly was storyteller to hundreds of kids who came through our doors as she played Mother Goose, performed countless story hours, and planned years of Summer Reading Clubs. In April 2003, Mary Kelly was promoted to managing the Station Branch where she worked with Literacy Suffolk to establish a collection of materials for tutors and students, a foreign language book collection, and expanded services and programs for all ages. Mrs. Kelly was committed to the needs of the community and was an active force with local organizations to bring positive changes to the Station area as she represented the library with the Huntington Station Business Improvement District, and participated in various committees for Huntington Awareness Day, Source the Station events, Tri Community Youth Association, and more. Mrs. Kelly's dogged determination and passion for the Station Branch library and community - while being a significant loss - is also a profound inspiration for all who follow in her footsteps. We wish Mary Kelly the best of everything in her retirement!

Thank You to the Library Community

"The Theory of the Leisure Class" (selection) by Thorstein Veblen (1857-1929)

Monday, January 24 • 7:00 pm • Main Auditorium & Zoom

Thorstein Veblen was an economist whose most famous work, "The Theory of the Leisure Class," ranges far beyond the boundaries of his discipline. Veblen sees human history as essentially a war between our diligent nature (necessary for production of goods) and our materialistic nature (necessary for consumption of goods). Hand in hand with consumption comes the desire to flaunt one's wealth. "The Theory of the Leisure Class" is considered one of the earliest critiques of American consumer culture.

"The Stages of Life," by Carl Jung (1875-1961)

Monday, February 28 • 7:00 pm • Main Auditorium & Zoom

Swiss physician Carl Gustav Jung was one of the founders of modern psychoanalytic theory. In "The Stages of Life," Jung takes up the question, "Why does man, in obvious contrast to the animal world, have problems?" The answer: "There are no problems without consciousness." He traces the stages of human life and anticipates the future literature of the mid-life crisis. He writes, "I have observed that a directed life is in general better, richer, and healthier than an aimless one, and that it is better to go forward with the stream of time than backward against it."

"Alice's Ordinary People" Film Discussion & Q&A with Filmmaker Craig Dudnick (Zoom)

Tuesday, February 22 • 7:00 pm

Alice's Ordinary People is a documentary film about Alice Tregay – a woman who refused to stand still for injustice and brought others together to change what was. Her remarkable story spans the historic period from the marches of Dr. King to the election of Barack Obama. Her unique contribution in the field of politics is the thread which connects the two. Alice Tregay dedicated her life to educating people about their civil rights by providing in-depth political education opportunities in an ongoing series of neighborhood civic classes for her neighbors and fellow citizens in Chicago. Her influence spread across the country. Although you will still enjoy the discussion if you have not seen the film; we encourage you to take the time to watch this extraordinary film on Kanopy (a free video streaming service available with your library card) prior to the discussion with the filmmaker Craig Dudnick. *Presented to you by Huntington Area Libraries.*

Frequently Asked Questions

Where do I find objects to print?

If you want to use objects that have already been designed, you can go to www.thingiverse.com and search using keywords. Once you've found what you want, download the files and send them to us at hpl3dp@gmail.com.

Can I design my own objects?

Yes! We encourage you to go to www.tinkercad.com and learn how to design your own parts. There are lessons right there on the website. You can set up a free account in just a few minutes. Once you've designed your part, you can export the file and email it to us.

How much does it cost to print an item?

The only thing you pay for is the PLA filament you use. We charge **\$1.00** per hour of print time. A typical print can take 4 or 5 hours.

How large can my print be?

Our printer can produce objects up to 11 x 11 x 15 inches. However, your print time must be less than 12 hours so that we can accomplish the print during normal library business hours. Therefore, certain objects will not fall into the range of acceptability.

Is there anything we will not print?

We will not print objects that are prohibited by law (i.e. weapons).

How can I learn more about this?

Feel free to call during normal library hours, or send an email with questions to hpl3dp@gmail.com.

Main Art Gallery

Ronnie Valerio *Cosmic Visions*

December 29, 2021 – January 23, 2022

Reception: Saturday, January 8th, 2 – 4 pm

Ronnie Valerio's colorful and surreal acrylic paintings are inspired by dreams, visions, ancient cultures, pop culture, and the UFO phenomenon. In the 1970's he majored in fine arts at the Parsons School of Design and attended classes at the Brooklyn Museum and Aquarius Institute. His work has been shown in various exhibitions in New York City and Long Island. He currently resides in Huntington Station.

Fred Byrnes

Thank You Mr. Ed Harris

January 25 – February 28, 2022

Reception: Friday, February 4th, 7 – 8:30 pm

Huntington native Fred Byrnes began abstract painting at age 50. His inspiration to create art was sparked after seeing the film "Pollock", about the life and work of abstract artist Jackson Pollock, directed by Ed Harris. Since then, he has made hundreds of abstract acrylic paintings using various techniques including drip-splashing. Byrnes says, "If you see all the colors in the vast universe and how they meld together, it may not be abstract at all."

Main Street Display Cases

Joe DeStefano

The Life of Edgar Allan Poe

January 2 – 30, 2022

Edgar Allan Poe was a 19th century American writer, poet, and literary critic best known for his short stories of mystery and the macabre, and his contribution to the American Romanticism movement. To commemorate Poe's birthday this month, enthusiast Joe DeStefano presents his collection of items related to the writer's life and work.

Henry Clausner

The Traveling Cartoon Art Exhibit: Inspiration Tour

February 1 – 28, 2022

On display are handcrafted figurines Henry Clausner has made since coming home from the hospital in 2013, as a form of self-therapy. He has been living with Pancreatic Neuroendocrine Cancer while creating the figurines, and his artwork is featured exclusively in displays. Works on display include clay, wood, polystyrene, plastic, metal, stone, and original work. Each figurine is hand signed with the year of completion and a tiny number which indicates how long he has been fighting the disease at the time. A few minutes are devoted to creation each day, and recycled household items are used in every sculpture.

FRIENDS NEWS

National Puzzle Day

In honor of National Puzzle Day, the Friends will be hosting a jigsaw puzzle sale and swap on **Saturday, January 29, 2022** in the Main Library Auditorium. An entry fee of \$1.00 will be charged for each person. If you have a puzzle you would like to swap, please bring it to the **Meeting Room at 10:00 am** on that day. You will be given a ticket for each puzzle you bring. Please make sure your puzzle has all its pieces. We will stop collecting puzzles at noon and will then allow you into the room to choose a puzzle to swap for each ticket you have. Any extra puzzles will be available for purchase (\$5.00 per puzzle.) Additionally, simple puzzles for children will also be available for sale. The event will last until 3:00 pm

Join the Friends of HPL! Meetings are the 1st Tuesday of each month.
