HUNTINGTON HIGH SCHOOL

Oakwood & McKay Roads, Huntington, New York 11743 (631)673-2001

MRS. LESLIE MITEK

Dedication

For over twenty one years Leslie Mitek has taught in the classrooms of Huntington High School. Her knowledge ranges from all aspects of business and law, to college preparatory classes. Not only are her abilities apparent in class oriented activities, but her strengths prevail in the extracurriculars as well. Under her guidance, DECA has had state to national qualifiers every year since her undertaking. Student Government has also been a large part of Leslie Mitek's career. From the balloon arches of Homecoming in the Fall to the Battle of the Classes in the Spring, Mrs. Mitek has invested her heart and soul into the students at Huntington High. The number of balloons and paper flowers that have come across her path could never be counted. With an eye for order and delegation, Leslie always kept the task at hand moving forward. The participation of the students and the leadership of Mrs. Mitek create a dynamic collaboration that cannot be reckoned with. Her opinions have been valued, helping to create a safe and effective working environment for both faculty and students. She treats everyone with the deserved respect, holding students accountable for all they are capable of delivering. The end of an era is nearing when we must say goodbye to an innovator. Huntington High School will never have another teacher quite like Leslie Mitek. Her example will be followed, her presence missed, and her abilities treasured. **Thank you Mrs. Mitek for going above and beyond**, even when it was only for a school dance. You will always be remembered and never forgotten in the classrooms of Huntington High. You have meant so much to us all!

Valedictorian

Matthew Rienzo

As the number of days remaining in our final year of high school dwindles, I have finally begun to realize how comfortable I have become in Huntington. This is not to say that high school has been easy. On the contrary, our lives have been plagued with night rehearsals, math tests, messy breakups and term papers. At times we may have thought that our parents and teachers were together aiming to systematically destroy us. Yet we have created friendships that seem indivisible, surviving even when conditions are at their grimmest. Upon overcoming every obstacle, we have risen with triumph (or, in the case of an all-nighter, fatigue) and moved on in the comfort of our sheltered lives.

This, as it appears before further inspection, is all about to come to an end. We will soon move on to various universities, travel abroad, or begin our own careers. All of us shall be cast into a cold, harsh reality where we will even be expected to (gasp!) do our own laundry. Our beautiful friendships will be scattered to the winds, and we will find ourselves alone with strange new people. True, next year we will begin anew, but our time here and our friends will never be forgotten. When we have learned so much, worked so hard, and created so many memories in one place, it is not possible for us to ever truly leave it behind.

Congratulations, class of 2007! This is not an ending, but rather an exciting new beginning. I wish you all the best of luck!

— Matthew Rienzo

Salutatorian

Hannah Payne

A typical day at Huntington High School might find groups of girls fashionably dressed in evening gowns to celebrate an upcoming swim meet, or guys in baggy football jerseys for the game after school, or maybe even a person of unidentifiable gender in a giant Tigger suit, just because it's Halloween. Whatever the occasion, we love to express ourselves. From *The Dispatch's* "Word on the Street" and frequent student surveys, to *Battle of the Bands*, we make ourselves heard, each person in his or her own unique way. This is not surprising. Over the past four years, we've all seen reflections of our varied backgrounds in our fellow classmates. We come from different places, have different interests, and see different plans for our future. Yet these differences are the most powerful and enduring quality that we have in common. Such variety has made my high school experience educational outside of the classroom. Diversity does not just mean differences in race or religion; it also means a plethora of personalities and ideas, stories from the past, and dreams for the future. Experiencing such diversity has in a way been more valuable than memorizing Boyle's law or even the quadratic formula. What we've learned from each other, from close friends to casual acquaintances, through shared experiences, challenges, and triumphs, will stay with us forever. Congratulations Class of 2007 and best of luck for the future.

— Hannah Payne

Katy Nastro

G.O. President

As I walked through halls and saw all the familiar faces I've seen for the past four years, I realized, this is it. We started out knowing each other as chubby cheeked little kids with scabby knees and big smiles. Each year that went by we grew, made friends, lost friends but we were still all together. That day finally arrived where we entered High School. Everyone knows we were so nervous to step through those doors. We couldn't possibly be that old already, we thought. Well now we are this old, about to leave the place we all have come to know so consistently. We've seen the good, the bad, and of course the ugly, but wasn't it those times that made it worth while? We've gotten into our first fights, had our first kisses, and taken our first class of driver's ed, all together. Now that we must go off into the unknown, can we do it without each other? The bond we have formed is stronger than anything else we've learned from our time at Huntington. The hours we've spent sitting row by row in our classrooms will always be remembered. Think back on our time we've spent together and smile because whatever we do, wherever we go, "Well in the end, my friend, we will all be together again." Never forget where you came from, and be proud to be, Class of 2007, best class Huntington will ever see.

Rachel O'Connor

Senior Class President

There is no doubt in my mind that the class of 2007 has been one of the best to pass through Huntington High School. We exceeded expectations and proved to our parents, teachers, classmates and to ourselves just how talented and extraordinary we are. Some of our most esteemed accomplishments include, dominating tug-of-war, our award-winning playfest performances, our progression from a one-sided float to the winning float, acquiring multiple Suffolk County, Long Island, and New York State titles, and maintaining exceptional grades. We are a driven, hard-working class that refuses to settle for anything less than what we rightfully deserve. I thoroughly enjoyed my high school experience, and that is due, in large part, to every one of you. We all know that Huntington High School is unique, and attending has truly been a one-of-a-kind experience. With this under our belts, I am certain that we are prepared to handle anything and everything we encounter in our futures. After spending twelve years together, it is finally time to part ways. The goodbyes will be bittersweet, for we are leaving behind what we have known for our entire lives, but as we enter the unknown, we begin a new and exhilarating adventure. The question I would like to pose, as cliché as it may seem, is not are we ready for the world, because of that I am certain, but is the world ready for us?

Huntington Happenings

Float Night

"I enjoyed float night this year. We had a lot of music playing and coffee to drink. The seniors worked hard to complete the best float ever!"
-Leanne Wulforst, Grade 12.

"Float night was cool and the senior float came out really good. Everyone put in a lot of hard work."
-Nathaniel Obey, Grade 12

Homecoming

"Homecoming was a lot of fun and would have been better if we won the game and it was on our own field. We would have won if the game was at home."
-Kenny Longo, Grade 12

"I got suspended after Homecoming but I learned my lesson and it will not happen again."
-Doug Marotta, Grade 11

Pep Rally

"The Pep Rally was better in the gym. We had to sit in our seats the entire time this year. There was not much pep in the pep rally."
-Hector Guerrero, Grade 11

"Pep Rally is really fun and I wish it was more than once a year. The dancing was really good but I wish the music wasn't cut short during the performances."
-Sam Bellotti, Grade 10

Halloween

"I love Halloween! It is so much fun & it is fun to see everyone in their costumes. I didn't really dress up this year, but I ended up with some great face paint that made me look all beat up."
Arielle Bonnici,
 Grade 10

"Those who were graced with my presence on Halloween night... can attest to the fact that I look good as a Guido. With massive amounts of orange on my face and all."
-Kean Ferin,
 Grade 12

Mix it Up Day

"Mix it up day was fun. It would be nice if next year more people try to get involved. Spanish Honor Society Bracelet making was fun."

-Samantha Coneys, Grade 12

"Mix it Up Day was alright. Lots of people came together, but more people should have participated. The music and the dancing was the best part. More music next year!"

-Manny (young star) Dume, Grade, 11

Blood Drive

"I wanted to give blood but I forgot to bring in the form so I couldn't."
-Hannah Honeig,
Grade 11

"The Blood drive that was put on by the Key Club was a big success! We were able to help a lot of people with our efforts."
-Ryan Francesc,
Grade 12

Holiday Volleyball

"I can't wait until next year when I can participate in the Volleyball tournament. I am a very competitive person and it will be a good way to let out my competitiveness."
-Peter Delfino, Grade 11

"I am bitter about Holiday Volleyball because I couldn't make it to the practices at 6AM so I couldn't play. Merrh!"
-Morgan Hughes, Grade 12

Playfest '07

Playfest: Seniors

"The senior class play blew all the other grades out of the water. It was overall one of the funniest plays ever brought to Huntington."
-Tom Barraco, Grade 12

"Playfest has probably been one of the most rewarding and vibrant experiences of my life."
-Mr. Gilbert

Playfest: Juniors

"Playfest this year was a memorable event. The juniors seemed a bit unprepared, but it was still a good time. The Seniors was fab."
-Sam Lo Bue, Grade, 11

"The juniors did a good job but the seniors and freshmen rocked. So it was hard to choose who was better between them."
-Ryan Hartley, Grade 11

Playfest: Sophomores

"Since Playfest wasn't at the High School, we weren't able to make a good set. Still, we managed to put on a great show. I loved Katie and Tom's skits!"
-Michelle Reiss, Grade 10

"Even though the seniors won, the sophomore class did a really good job too."
-Mike Funk, Grade 10

Playfest: Freshmen

"I think the senior play was awesome. The freshmen play was really good too and definitely earned second place!"
-Brian Connell, Grade 9

"I thought that the freshmen play was really good, it was funny and horrific. I also loved the senior play, especially the musical element."
-Alyssa Fennington, Grade 9

Valentine's Day

"Valentine's Day in school stinks because my boyfriend does not go here."
-Jamie Cutrone, Grade, 11

"Valentine's Day is not only about materialistic things it is also about the love you get from your friends and family."
-Patricia (AKA Patti P) Martine, Grade, 10

Challenge Day

"Challenge Day was a life changing event that I believe everyone should get to experience."
-Anthony Lupi, Grade, 10

"Challenge Day makes you think about what you say to people. You come out of Challenge Day with a different outlook and become friends with people you would not have been friends with before. Everyone should get involved in Challenge Day!"
-Shelby O'Neil Grade, 10

Black History Month

"I'm extremely happy that we had the opportunity to present our culture and history to the school and our community."
-Shameika Hanson, Grade, 11

"As a senior, I am saddened to leave behind such talented students. We all put our hearts and souls into this presentation & I'd like to thank everyone who helped."

Dear Class of 2009,

Another year has flown by as we have completed an exceptional sophomore year at Huntington High School. Once again we pulled through to make an outstanding homecoming float and generate a lot of laughs at Playfest. The class of 2009 is special in its dedication to our class, Huntington High School and the community. Regardless of the obstacles with which we are presented, the sophomore Blue Devils find a way to overcome them and succeed. Each and every student in the class of '09 adds an ingredient which cumulatively makes us the dynamic and exciting group we are known to be. We should all be proud of our class and encourage others to expect great things from us in the future.

*Congratulations on another great year!

Class of 2010

Rebecca Silverman, Kiersten Freiman, Anthony Kouttron, Brendon Gellerstein

As freshmen, we are expected to adapt to a new environment, one to which we are not accustomed. Huntington High School serves as a new learning ground for both those with little interest with education and those of high educational standards. The adaptation to a different learning atmosphere isn't as striking as we might have expected. All in all the change wasn't as difficult as we might have predicted. As with weathermen, you might be able to tell when it will rain, but you can never predict the scattered showers.

As this school year unfolds into the long awaited summer vacation, I leave you with a few valuable words of wisdom:

*"Command the weak and conquer the strong.
Lead by example."*

*Words from,
Commissioner Anthony Kouttron*

The New Field

After a summer of waiting, construction on the much-anticipated renovations to Huntington High School's football stadium, gym and auditorium began.

Last December, Huntington voters approved a \$3.365 million dollar proposition. The district had hoped to begin construction soon after the end of last school year in June. However, it had to wait until the State Board of Education Dept. approved the plan, which it only did just recently.

The renovations which will be done are in a number of Huntington High School realms. The major reconstruction comes to Huntington's stadium. The current field will be replaced with a synthetic surface and will allow for more teams to practice on the field.

It is not only a benefit for athletics though, as the marching band will also be able to utilize the field for its performances. In addition to the field, a modern track which can be used not only by students but also by community members will be built. Football spectators will also have a more enjoyable experience, as the old wooden bleachers will be replaced by more functional aluminum bleachers.

Although the process has taken awhile, there are those in the district and school community who are eagerly awaiting the beginning and ultimate completion of these promising improvements to the high school.

Retirements

- Mark Twain

Prophet Muhammad Cartoons: Muslims across the globe rose up in anger when cartoons of the Prophet Mohammad in humorous or satirical situations were republished in Europe. **Crocodile Hunter Irwin killed:** The death of exuberant Australian wildlife presenter Steve Irwin was one of the biggest shocks of the year. The 44-year-old, who was a familiar face on TV around the world, was killed by a stingray during a diving expedition. **How Borat hoaxed America:** Spoof Kazakh TV reporter Borat - aka British comedian Sacha Baron Cohen - scored one of the year's biggest box office hits by shocking and offending ordinary Americans. **Cruise marries Holmes in castle:** When two of Hollywood's top actors get together, their star value is instantly squared - at least as far as the showbiz news appeal is concerned. The fact that Tom Cruise and Katie Holmes tied the knot at a lavish ceremony in a fairytale castle in Italy added extra appeal, while the Scientology angle increased the fascination. **Venezuela's Chavez Insults Bush:** In a scathing and heated speech addressing the United Nations General Assembly, Venezuelan President Hugo Chavez called President Bush "the devil" and said the United States would soon lose its spot at the head of the international table. **Global War on Terror:** The global war on terror remained a priority for governments in Asia, Africa, Europe and the Americas. Intelligence organizations targeted the leaders of Al Qaeda and other terror groups as they fought to stay ahead of the next terrorist attack. British officials struck it big when they discovered a plot to blow up planes in flight from the U.K. to the U.S. A plan to commit "mass murder on an unimaginable scale" had been disrupted, Scotland Yard said. **North Korea's Nuke Test:** In a move seen as a slap in the face of the international community, North Korea on Oct. 9 said it completed its first-ever nuclear test, prompting President Bush to declare it a "provocative act." **Iran's Defiance:** Iran's nuclear program took center stage as Tehran insisted nothing would stop it from obtaining nuclear energy. Iranian president Mahmoud Ahmadinejad said time and time again that his nation has a right to develop a "peaceful nuclear energy" program, but many nations fear that Iran is secretly developing nuclear weapons, which could drastically alter the political landscape in an already volatile region. **Saddam Hussein Executed:** Three years and six months after President Bush waged war on Iraq's dictator, claiming he was developing weapons of mass destruction, Saddam Hussein was executed by hanging just before the year's end after being sentenced to death by hanging for his role in the killing of 148 people in the town of Dujail. **War in Iraq: Video:** With

a new constitution and an elected parliament in place, hopes ran high that the year would mark a turning point in the U.S. campaign to build a stable democracy in Iraq. Increasing Opposition to the war mounted worldwide. Intense CA wildfires: October 26: A 60-square-mile, 10,000-acre wildfire in Southern California kills five firefighters, and investigators later say arson was the cause. Plane crashes into NYC building: A plane carrying New York Yankees pitcher Cory Lidle and an instructor crashes into a high-rise apartment building on the Upper East Side of New York City, killing the two men. Zacarias Moussaoui sentenced: Federal jury sentences Zacarias Moussaoui to life in prison for his role in the Sept. 11 attacks. He is serving his at the federal ADX Supermax prison in Florence, Colo. Amish school house shooting: Charles Roberts kills three girls and critically wounds eight at an Amish schoolhouse in Lancaster County, Pa., before killing himself. Roberts left a note to his wife and three children, alluding to the fact he was still upset over the death of his newborn baby nine years ago and that he molested young relatives 20 years ago and dreamt of molesting again. It was the third shooting at a U.S. school in a week. Miss USA goes to rehab: Miss USA, Tara Conner was asked to commit herself to a rehab facility for drug and alcohol abuse in order to retain her crown. Britney Spears shaves her head bald: After a break from her husband and months of public troubles Spears went into a Vegas Salon and shaved her own head. In the weeks following Spears checked herself into a rehab facility in California. Michael Richards racist comments: "Seinfeld" star Michael Richards offends the black community by using the "n-word" and referencing lynching in an on-stage rant against black men who were heckling him at an L.A. comedy club. Jetblue blunder: With the arrival of a Valentines ice storm Jetblue cancelled well over 1000 fights over a period of 5 days. President George W. Bush. Violence in Iraq continues to spiral out of control, threatening all-out civil war among sectarian lines, and putting the fledgling government to the ultimate test. The controlled chaos pushed down on the president's approval ratings and upended Republicans in favor of rival Democrats who were able to link their opponents to the unpopular president. Nancy Pelosi: The first woman speaker of the House and "arguably, the most powerful elective office position" for a woman ever. Justin Timberlake: Justin Timberlake brought sexy back with his new album that sold millions. . HHS Gets turf: Construction completed on new field. All are ecstatic! HHS Graduates celebrate: Huntington HS Seniors celebrate their 2007 graduation!

This is a very special song for Ellen and me. She was very small at birth. I was probably the only one who knew she was going to make it because of my love for her and my faith in God. I was told to sing to her so she would know my voice from the womb and this is the song I chose ...

Where do I begin
To tell the story of how great a love can be
The sweet love story that is older than the sea
The simple truth about the love you bring to me

With your first hello
You gave new meaning to this empty world of mine
You came into my life and made the living fine
You fill my heart with so much love

How long does it last
Can love be measured by the hours in a day
I have no answers now but this much I can say
I know I will love you till the stars all burn away.

"I give thanks today for the gift of you in my life, I love you today and always. I will hold you in my heart forever." Mom, Dad & Kristin.

Dear Tessa,

Love, Mom, Dad, Jillian, Ian, Payton

Dear Jessica,

Graduation time is here,
Years quickly have disappeared.
No longer a small child,
You're still "our baby" all the while.
Gone are days of dolls, dress-up and bows,
Replaced with Prom, college trips and all of Dad's woes.
We are so proud of all that you've achieved,
We look back, and can hardly believe,
You're a young woman now, going off to college,
To seek out the world, and gain more knowledge.
We wish you much success, in all your endeavors,
You're our pride and joy, for ever and ever.

Congratulations! We love you!
Mom, Dad and Sean

Dear Beanie,

One day at a time — this is enough.
Do not look back and grieve over the past, for it is gone.
And do not be troubled about the future, for it has not yet
come.
Live in the present and make it so beautiful that it will be
worth remembering. We love you.

Jodi, Ben, Jaime, and
Jeffrey

Here's the thing we started out friends ...

Dear Katy,

May the good Lord be with you down every road you roam,
And may sunshine and happiness surround you when you're far from home
And may you grow to be proud, dignified and true
And do unto others as you'd have done to you
Be courageous and be brave and in my heart you'll always stay
Forever Young, Forever Young

And when you finally fly away I'll be hoping that I served you well
For all the wisdom of a lifetime, no one can ever tell
But whatever road you choose I'm right behind you, win or lose
Forever Young, Forever Young
Rod Stewart

With all our love. Being our youngest you will always be "Forever Young" to us. To say we are proud of all you have accomplished would be an understatement. As you have in the past, continue to follow your heart and your passion. Together they will take you to great places. Set your course and take the wheel!

Loving Advice from Mom:

1. Know that you CAN achieve anything you want to, and it's okay to do many things before you find what you really love; never give up the joy of the journey!!!
2. Be confident that your family will always be the best place to go when you are dealing with difficulty
3. There is only ONE Kelly Marie Burns. Make your mark. Go Girl, Go!

Congratulations Dianiris!

It was 4:00 am on a cold winter morning,
When mom felt a nudge, it was clearly a warn-
ing.

We jumped in the car and ran all the lights,
You were two weeks early, but that was
alright.

You joined this world with a smile so wide,
And we started a family, our lives full of pride.

And now here we are, 18 years later,
Swim meets, Kenwal and oh yes, the theatre!

And that laugh, oh that laugh, that lights up a
room,
It will turn heads at college, coming real soon.

We love you, we're proud, the next step is
near,
To you and your friends this is your year!!

All our love, today and forever,

Faces of old and
faces of new. People
we know and people we
knew. Growing together
then drifting apart. Always an
ending and now a new start.

At graduation we all grow
nearer, and all of our friends
seem so much dearer.

And as we say our
final goodbye, one
last embrace and
one more cry. A "keep
in touch" and a "promise I
will," a "remember when" but,
better still; a place in my heart,
you'll always stay. This is what's
said as we go our own way.

Congratulations Class of 2007
